Demonstration Against Cuts to Education & Welfare Cuts to families

Join the APC in demonstrating against Gordon Campbell and his pals at the BC School trustees conference. After 4 years of cuts to education, daycare and income assistance the liberals have created a province unsafe for children. While children have borne the brunt of the BC Liberals assaults, the school trustees have applauded the displacement of students and the closing of schools.

It takes a community fighting back to defend our children! Join the APC and expell the BC Liberals!
