

Marginalized Workers' Action League presents:

A Tour Mob Production

TRUST THE LIBERALS?

If the Liberals are only cutting 339 people from welfare,
why the 2 year rule? Why have their numbers varied so much?
Are they credible? Can we trust them?

We're going to get to know our influential neighbours!
We're going to church, one of the few places we can socialize with the wealthy!

We'll meet at **Trimble Park**, corner of **West 8th & Trimble** in Point Grey,
then walk to a church. Name and location of the church will be disclosed at the park.

Sunday, February 29, 10:00 am

NOTE: For the purposes of visual impact, we encourage participants to wear yellow garbage bags
with pro-sustainable economy logos and slogans on them. Create and bring your own or we'll provide.
